PROJECTS ([PORTFOLIO @ TORTIRONA.VERCEL.APP](https://tortirona.vercel.app))

KahitSaan - Tinder but for Restaurants. Utilized the Google Maps Places API to create a fun way to find nearby restaurants to eat at. Built with React, NodeJS, and local storage. Deployed on Vercel. ([Try it here](#))

MedBuddy - Digitize your Medical Records Designed and built a WebApp where users can record their illnesses to keep track of their health. Built with React, NodeJS, and Supabase. Deployed on Vercel. ([Try it here](#))

EXPERIENCE

Project Manager

Nov 2021 - Aug 2024

Thinking Machines Data Science, Inc.

Taguig, Philippines

- Delivered 10 projects (Data Warehousing, GenAI, and ML) with Thai, Filipino, and US clients ranging from 3 to 10 project members (engineers, consultants, and designers) ensuring budget/timeline are within expectations.
- Prevented 2 to 4-week timeline delays (12 to 25% of timeline) through careful project planning, risk management, and early communication with c-suite and other stakeholders.
- Improved internal Project Management practices by writing documents on Project Management best practices, conducting project sharing sessions, and having 1:1s with other project managers in need!

Product Analyst and Manager

Aug 2020 - Oct 2021

Transportify Philippines

Pasig, Philippines

- Launched features and wrote 12 product specifications which: (1) doubled the amount of credit users in our app and (2) increased weekly Gross Transaction Value by 3%.
- Rewrote, tested, and migrated 120+ SQL scripts from Blazer to Redash. Flagged how important these are to business users and prevented the immediate shut down of Blazer without proper user acceptance.
- Supported the technical API integration of over 20 clients with the Transportify Delivery API.
- Led a team of two Product Analysts to reduce a backlog of 400 incident tickets to 0 and created sustainable practices to clear tickets every week.

EXTRA-CURRICULAR ACTIVITIES

- High School Valedictorian, DepEd Insular Life Gold Eagle Award Receiver
- Student Leader: Microsoft Student Community, Accenture Student Leadership Conference (2020), and 2nd runner up @ UP TECH 101 Student Bootcamp out of 20 teams.
- Volleyball player at Heroes Volleyball Camp. Ask me about anime, RPG games, improv, and stand up comedy!
